

PPLO Report for 2017/18

This was another quiet year for the footpaths and bridleways of Holford. There were a few problems with paths around Corewell and Dodington, mainly from crops grown across rights of way and a very large tree blown down during one of the gales. Apart from this, there were no major problems, other than the wet weather and snow!

The Coleridge Way signage through Holford Parish was checked over by the Somerset Volunteer & Trails Officer and some volunteers, back in February and appropriate action taken.
