Dear Hema,

I am pleased to inform you that Somerset Community Foundation has considered your application for funding and would like to offer a grant of £500.00 towards the costs involved with the provision of COVID19 support for vulnerable people in the community. This grant is being made from the Somerset Coronavirus Response and Recovery Fund managed by Somerset Community Foundation and the grant payment will reach your account shortly.

Please note that we understand the situation is changing rapidly. Receiving a grant now does not preclude you from applying for further funds at a later date. There is also scope for you to adapt what you are doing, although if these changes are substantial please let us know first.

The Fund is distributing money donated via the National Emergencies Trust as well as our own local supporters. We want to report back to them regularly to show them how their donations are making a difference. If you are in a position to share stories and / or photos from your work, or can take a few minutes to chat to our Comms team to tell us about what you are doing, then please let me know.

We also ask that you complete an End of Grant form by 21 September 2020 . We will email you nearer the time with a link to the online form. We are particularly interested to receive feedback on how people accessing the service have benefited.

Finally, on behalf of my colleagues and trustees at Somerset Community Foundation I would like to thank you for your tremendous efforts during this very difficult time.

Best wishes,

Programmes Manager
