

---

Hello Hema

I am currently off sick, but have the use of my laptop.

I have had a look through our contact logs on Storm and there has been nothing of any concern spoke

I believe we have had the Nottingham knockers around the local villages ( ex- offenders) trying they are selling dish clothes etc. door to door. I believe you have an excellent sensible village residents astute to strangers and will alert the relevant services .

Obviously it is our vulnerable lonely residents that we have to keep safe, and I am sure most if a watchful eye on

We have noticed that there has been, and continuing to have a lot of either scam calls or email concern us . Just to advise people to never give out any personal details to these scams we are vulnerable and it doesn't matter what age we may be.

If you need any information about scams I may be able to get some relevant literature to give to the Council .

We are now dealing with a lot of Covid breaches, which is taking up a lot of our valuable time, but something we have to do, to try to keep us free from this awful pandemic. If anyone has any information on illegal gatherings, or holiday homes or accommodation that are still allowing holiday makers in please feel free to contact 101 . it may be legit but always good to check it out

I apologise for not having much to report, but I consider that to be a good thing, we are so lucky to live in a beautiful area

Kind regards

Sue
