The Community Speedwatch Volunteers continue to do a sterling job keeping the speed of vehicles on the A39 to 30mph. Some sessions have recorded over 400 vehicles in one hour.

The volunteers have noticed that if they observe without their yellow jackets the speed of traffic increases substantially with some vehicles. reaching speeds of 60mph.

Chris Mew is standing down as the weather will become more inclement but we hope to have more operatives shortly: Linda Finch, John Carter and Lorraine and Steve Edwards.

The whole process runs very smoothly thanks to team leaders Pete Smetzer, Kate Hammond and Mike Copleston.

Mo Young
Holford Community Speedwatch Coordinator
