NEWS IN YOUR AREA

July / 2022

Open Garden Parties

We have noticed that several of our small parish areas are holding (Open gardens) weekends throughout the summer.

These are generally lovely events and a great fundraiser for communities, drawing in visitors from far and wide,

Unfortunately, this in itself provides an opportunity for the unscrupulous to have a good look around, to identify weak spots in properties and outbuildings, with an idea to return at a later date to target these weak spots.

Whilst we don't wish to be alarmist, we would like to remind people not to leave valuables on display, to ensure property windows and doors are well secured during the events, & that garage and shed doors also secured.

Graffiti

There have been multiple reports of youths causing graffiti in the Watchet/Williton area. The graffiti is mainly concentrated at the parks & play areas where they have used pen and spray paint.

We have identified some individuals who have been accountable for some of the graffiti caused and are currently being dealt with.

If you have been the victim of or come across any graffiti which has caused damage to property then please call it in on 101 or an online report.

If you witness any such ASB, please let us know!

Recent Thefts

In the past month there has been a spike in reports in thefts of vehicles, caravans and motorhomes.

Opportunists seize the right time to strike resulting in vulnerable property being unlawfully taken.

We would recommend that the caravans are hitch locked, tracker or immobilisers are used to help deter

Caravans and motorhomes are often stored in remote isolated locations providing an ideal location for opportunists to strike.

Consider CCTV/Wildlife thermal imaging cameras strategically placed in order to deter & remove any particularly valuable items from within.
